1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. 4. The following is an examiner's statement of reasons for allowance: the prior art of record fails to anticipate or render obvious a method for electrodynamically braking a rail vehicle as recited in the independent claim and as mentioned in the remarks. In particular the prior art fails to anticipate or render obvious the step of determining a linear function and storing the linear function as a characteristic curve representing a dependence of a negative setpoint acceleration on a velocity of the rail vehicle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
